REMARKS

Applicants respectfully request reconsideration and allowance of this application in view of the amendments above and the following comments.

Claims 1 and 9 are allowed. Claims 2-8 and 10-20 are pending. Amendments have been made to claims 2-8 and 10 in response to the rejections under 35 U.S.C. 112, second paragraph. New claims 11-20 have been added. New claims 11 and 12 are from the original filed claim 2. New claim 13 is supported by claim 3 as originally filed. New claim 14 is supported by claim 5 as originally filed. New claims 15-17 are supported by claim 6 as originally filed. New claim 18 is supported by original claim 8. New claims 19-20 are supported by original claim 10. A clean copy of these claims is presented above. A mark-up showing the changes that have been made to these claims using brackets and underlining is attached. It is believed that no new matter has been added.

The Examiner rejected claims 2-8 and 10 under 35 U.S.C. 112, second paragraph as being indefinite. In response, Applicants point out that claims 2-8 and 10 have been amended, whereby new dependent claims 11-20 have been added.

For the record, Applicants emphasize that although the claims were amended to overcome this rejection, and, therefore, might be considered to have been amended for a reason substantially related to patentability, a fair reading of the amended claims will reveal that the departures from the previous claims were for clarification purposes only, and that Applicants did not narrow the claims in any material respect. Therefore, Applicants submit that the amended claims are entitled to the full range of equivalents.

In view of the foregoing, Applicants submit that the Examiner would be fully justified to reconsider and to withdraw this rejection. An early notice that this rejection has been reconsidered and withdrawn is, therefore, earnestly solicited.

Applicants believe that the foregoing constitutes a bona fide response to all outstanding objections and rejections.

Applicants also believe that this application is in condition for immediate allowance.
